INTRODUCTION

The AMA Rulebook, Meet Supplemental Rules and Meet Guidelines contain rules, technical requirements and information governing all events that make up the AMA Vintage Grand Championship for meet operational and technical aspects.

The AMA Rulebook, Meet Supplemental Rules and Meet Guidelines are designed to provide the information you will need to prepare your motorcycle and yourself for competition, plus an overview of rules that apply to the racing program, along with a summary of offenses and penalties pertaining to rules violations.

The intent of a specific rule or procedure will override a competitor's interpretation. The intent of a rule or procedure will be determined by competent officials. If any rule or guideline is unclear to the competitor, the competitor is advised to get written approval prior to any modifications.

The AMA will answer any requests for rule or procedure clarifications or interpretations. Requests must be submitted in writing to AMA technical staff. Any prior verbal approval from AMA staff or officials without a written statement with regard to the interpretation of a rule or procedure will be deemed invalid.
